

TRACON Pharmaceuticals to Present at the Jefferies 2019 Healthcare Conference

May 30, 2019

SAN DIEGO, May 30, 2019 (GLOBE NEWSWIRE) -- TRACON Pharmaceuticals (NASDAQ:TCON), a clinical stage biopharmaceutical company focused on the development and commercialization of novel targeted therapeutics for cancer, and through our license to Santen Pharmaceutical Co. Ltd., wet age-related macular degeneration, announced today that Charles Theuer, M.D., Ph.D., President and CEO, will present a corporate overview at the Jefferies 2019 Healthcare Conference at 2:30 pm EDT on Friday, June 7, 2019, in New York, NY.

To access a live webcast of the presentation, please visit the "Events and Presentations" page within the "Investors" section of the TRACON Pharmaceuticals website at www.traconpharma.com. A replay of the webcast will be available on the website for 60 days following the event.

About TRACON

TRACON develops targeted therapies for cancer and ophthalmic diseases. The Company's clinical-stage pipeline includes: DE-122, the ophthalmic formulation of carotuximab that is being developed in wet AMD through a collaboration with Santen Pharmaceutical Company Ltd.; TRC102, a small molecule being developed for the treatment of lung cancer and glioblastoma; TRC253, a small molecule being developed for the treatment of prostate cancer; and TJ004309, a CD73 antibody being developed for the treatment of advanced solid tumors. TRACON is actively seeking additional corporate partnerships whereby it shares in the cost and risk of clinical development and commercialization of new product candidates. In these partnerships TRACON believes it can serve as a solution for companies without clinical and commercial capabilities in the United States. To learn more about TRACON and its product candidates, visit TRACON's website at www.traconpharma.com.
